EDUCATION

Rashtrasant Tukadoji Maharaj Nagpur University (RTMNU)   **July 2021 – April 2025**
*Bachelor of Technology - Information Technology - **CGPA: - 8.2***   *Nagpur, India*

TECHNICAL SKILLS

Languages: C/C++, JavaScript, Python, Java
Frameworks: NodeJS, ExpressJS, MongoDB, Django
Frontend: HTML5, CSS3, JavaScript, Bootstrap
Developer Tools: Postman, VS Code, Intellij Idea
Other Skills: Data Structure, Algorithms, GitHub, Docker, Microservices Architecture, API Gateway, RESTful APIs.

EXPERIENCE

Pruthatek ⬀   **August 2024**
Assistant Software Engineer Intern   *Present*

- Created and maintained **RESTful APIs** and integrated third-party services to enrich application functionality and improve user experience.
- Managed MongoDB databases for optimized query performance and seamless data retrieval.
- Designed and implemented server-side logic using Node.js.
- Led backend service development for various web applications, ensuring robust, scalable microservices architecture.
- **Tech Stack**: NodeJS, ExpressJS, MongoDB.

PROJECTS

Online Food Ordering System ⬀ |

- Developed an online food ordering system enabling user registration, login, restaurant browsing, searching, and menu viewing.
- Implemented cart management, order placement, history viewing, admin login, and restaurant management features.
- These systems have revolutionized the food service industry by offering convenience to customers and operational efficiency to restaurants.

LiveConnect ⬀ |

- LiveConnect is an online chat website that allows multiple users to socialize with others without the need to register
- Used Socket.IO that enables real-time, bidirectional and event-based communication between the browser.
- Technology Used: NodeJS, ExpressJS, Socket.io.

JobHuntPlatform ⬀ |

- A web-based job board platform connecting job seekers with employers, offering comprehensive features for efficient recruitment.
- The backend supports user registration as either employers or job seekers, enabling job browsing, application, and posting.
- It allows users to manage job applications and listings effectively.

ACHIEVEMENTS

GEEKS FOR GEEKS: Rank 1st among my College on Coding Platform at GFG.
HACKERRANK: 5 star Rating in C++ on Hackerrank.
LEETCODE/GFG: Solved more than 300+ problems based on Data Structure and Algorithm.

CERTIFICATIONS

- Problem Solving (Basic) Certificate
- JavaScript Projects
- CSS (Basic) Certificate
- Front End Development
- C CPP Programming Language
